Vidyartha College Kandy
Results: 9As

PROJECTS

Boarding Management System (2018 June- 2019 February)
Web Base Application
PHP | Laravel | Bootstrap | MYSQL | HTML | CSS |
Role: Backend Developer

It is a group project for managing the boarding houses in Jaffna area. University students will be able to find boarding houses after they leave the Hostal.
And also the boarding owners can advertise their boarding and find boarders with the help of this system.

Event Management System (2019 July - Present)
Web Base Application
PHP | Laravel | Bootstrap | MYSQL | HTML | CSS |
Role: Backend Developer

It is a RAD project for managing events such as weddings, parties, cooperate events and meetings in Sri Lanka.
Users can find service providers such as photographers, hotels, catering services etc. Service providers can advertise their service and attract more customers towards their service. System allows the service provider to give maximum details of his service.

SOFT SKILLS

- Leadership.
- Communication.
- Problem Solving.
- Decision Making.
